Lighthouse reports - results

I have checked my "mws-restaurant-stage-3" application using lighthouse version 3.0.0-beta.0 (cli) and webpagetest (online - http://www.webpagetest.org).

I have run different scenarios, with the following results, which can be found here https://github.com/panpan291265/mws-restaurant-stage-3/tree/master/reports

webpagetest

webpagetest report: webpagetest_2018-06-27_11-48-51.jpg

webpagetest lighthouse report: webpagetest_2018-06-27_11-49-44%20(lighthouse).jpg

lighthouse (cli)

lighthouse - no throttling

command: lighthouse https://panpan291265.github.io/mws-restaurant-stage-3/client/ --view --throttling-method provided

results: panpan291265.github.io_2018-06-27_11-58-24.report.jpg

panpan291265.github.io_2018-06-27_11-58-24.report.html

lighthouse - throttling simulated

command: lighthouse https://panpan291265.github.io/mws-restaurant-stage-3/client/ --view --throttling-method simulate

results: panpan291265.github.io_2018-06-27_11-59-29.report.jpg
